So, What Else Do You Need?

AGWAY Products Plus Offers Everything You Need... that's right, Everything!

It's true. In addition to being a leading manufacturer of sheet steel building products and your go-to source for quality Roof & Floor Deck Systems, AGWAY METALS also offers a full range of complementary product components, accessories and custom services – in fact, everything you need to complete your project, easily and on budget.

Our unique selection of roof deck and floor deck products deliver proven solutions and include a wide array of application-specific profiles, as well as a complete inventory of all related components and accessories. And with AGWAY, you're dealing with a company fully committed to delivering service excellence and full support for its proven line of building solutions.

So, whatever you need, we have it. Discover Products Plus – it's just one more great reason why AGWAY is "Easier to do Business with..."

- **Roof Deck Sections:** a wide range of gauges available in Galvanneal, galvanized or prepainted finishes
- **Options to Optimize Your Project and Budget:** the above options enable customers to determine the optimal combination of strength, performance and affordability that best satisfies their project-specific criteria
- **A Full Range of Accessories** to finish your project with ease
- **Acoustic Deck Sections** are available in an acoustic format, with pre-punched holes in webs of the deck, which combine with acoustic batt insulation to significantly reduce ambient noise within a structure
