

Environmental Policy

Agway Metals Inc. is committed to managing our business in a manner that exhibits the unabated respect and care for the environment. We will meet or exceed all applicable legislation and Industry standards continuously improving our environmental performance in all aspects of our business.

We will integrate environmental and social factors into our planning processes and business decisions; assessing the environmental risks associated with our operations and applying principles of pollution prevention, best management practices and new technologies.

Our managers and supervisors will ensure our employees are provided with the appropriate education and awareness, training and tools, they need to take personal responsibility for and to assess the environmental performance of our business.

Commitment to continuously improving our environmental performance will form an integral part of the organization.

Jamie Robertson
President & CEO
