

# WRINKLE – TEXTURED SMP

Wrinkle is a highly durable, textured paint system that brings differentiation and originality to residential, commercial and architectural buildings. Typical applications include roof panels, wall panels and other building accessories.

The textured coating gives building products a consistent attractive appearance. It offers superior weatherability with a high resistance to chalking, fading and scratching.

Available in ten standard popular colours, it has exceptional color and gloss retention and outstanding colour consistency.

## Superior Weatherability

High resistance to chalking,  
fading and scratching.

Effective date September 2022.

Please Note: The colours shown here are representative only and are not intended for colour match purposes. Please contact your mill representative with any sample or technical information requests. This colour card is based on product availability at the time of printing. The manufacturers reserve the right to discontinue colours without

notice. Our standard colours are shown on this card. These colours and additional colours which may be developed for special orders are individually priced.

Colour matching: Colour can vary between paint batches and production runs. Over time, the colour of installed panels will weather. Therefore, it is recommended that multiple orders are not utilized on a single installation where colour matching is critical.
